

Dear xxxxxxxxxxxx,

As a former commercial insurance broker, I know how frustrating it is when you're waiting on quotes to come in... and you hear nothing.

You then have the embarrassment of going back to a client with no terms for them. You look bad and, even though it's not your fault, you feel you've let them down.

And, of course, you've missed out on a commission.

Let us solve this problem for you

We specialise in hard-to-place risks. So, no matter how complex the risk, we want to quote. In fact, the more complex, the more we want it.

And, because we want to help you look good in front of your clients, we'll quote promptly and competitively.

Why not give us a try?

The next time you get risk you can't place, why not give us a call?

After all, only one of two things can happen: Either we'll deliver on our promise and provide you with a prompt quote, or we don't.

If we don't, you'll never use us again. But, if we do (and we will), you'll have found an underwriter who will be able to help you with your hardest-to-place risks for years to come.

All it'll cost you to find out is a phone call.

Our number is 0845 111 0125.

A little about us

Premier Commercial is a Lloyd's of London coverholder & managing general agent of over 20 years standing.

You can learn more about us at our website www.premiercommercial.co.uk.

Yours sincerely,
